Honorable Bob Smith
830 Shirley Parkway
Piscataway, NJ 08854

Dear Senator Smith,

The Planned Parenthood Action Fund of New Jersey is pleased to inform you of our endorsement of your candidacy for the New Jersey State Senate.

We know from your voting record and response to our questionnaire that you are committed to protecting reproductive rights and health care services for the nearly 83,000 women, men, and teens served last year by Planned Parenthood affiliates in New Jersey. In fact, one woman in five has turned to our health centers for care at some point in her life. Planned Parenthood health centers throughout the state provide life-saving cancer screenings, birth control, prevention, testing and treatment for STDs, breast health services, Pap tests, sexual health education, and information and health counseling. We know we can count on your support as we advocate for common-sense prevention measures to reduce the number of unintended pregnancies and expand access to preventive health care services.

We plan to inform our supporters in your district of this endorsement. If you have any questions or need any further information regarding this endorsement, please feel free to contact me at (908) 351-4171.

Sincerely,

Ed Remsen
Executive Director
