Dear Bob Smith:

I am pleased to inform you that Health Professionals and Allied Employees, AFT, AFL-CIO (HPAE) has endorsed your candidacy to the NJ Senate in the 17th District. We recognize your leadership and shared vision for healthcare workers and our patients. This includes support on issues of workplace safety, safe staffing and protecting public workers' pension and benefits.

HPAE represents 13,000 nurses and healthcare workers in hospitals and other health care facilities throughout the state. We will participate in labor walks, phone banking and will encourage HPAE members in your district to fully support your campaign.

Finally, I want to personally thank you for your dedication and hard work.

Sincerely,

Ann Twomey, RN
President
