

Dominick Marino
President

Professional Firefighters Association
of New Jersey
International Association of Fire Fighters AFL-CIO-CLC

September 22, 2017

Honorable Bob Smith
Senator - District 17
216 Stelton Road, Suite E5
Piscataway, NJ 08854

Dear Senator Smith:

With this communication, please find and accept an endorsement by the Professional Firefighters Association of New Jersey, AFL-CIO, toward your re-election to the New Jersey State Senate.

The PFANJ is the statewide organization representing professional firefighters, emergency medical and allied support services personnel affiliated with the 300,000 member International Association of Fire Fighters, with more than 4,000 active and retired members in this Great State.

Just as we keep our members informed of your legislative efforts and activities in support of firefighters and their families, so do we make every effort to make sure they support those who support public safety and the professionals who provide it. To that end, a copy of our endorsement appears on our website at PFANJ.org.

On behalf of our Executive Board and General Membership, we extend our appreciation for your continued support of professional firefighters and their families and wish you every success in the upcoming election.

Sincerely,

Dominick Marino
President
