Senator Bob Smith
216 Stelton Rd., Suite E-5
Piscataway, NJ, 08854

Dear Senator Smith:

On behalf of JNESO District Council 1 and its members, I am pleased to advise you that our Board of Directors has unanimously voted to endorse your candidacy for Senate District 17.

JNESO is a labor union that represents over 5,000 professional health care workers in New Jersey and Pennsylvania, including hospital and clinical workers, RNs, LPNs, and most licensed technical employees. The union actively seeks to protect the best interests of our members who comprise the backbone of the healthcare industry. Your commitment to protect these interests gives JNESO great pleasure in endorsing your candidacy.

As healthcare continues to evolve, we need leaders who will fight for us and work alongside us to preserve and improve the quality of care in our state. Together, we will work to address some of the most pressing issues for healthcare workers, including: safe nursing staffing, safe working conditions and collective bargaining rights. We are confident that your commitment to healthcare workers will spark the appropriate policy discussions and legislative actions in Trenton.

Congratulations on your endorsement. We eagerly look forward to working together to address today's pressing healthcare issues.

Sincerely,

Douglas A. Placa
Executive Director
